## GOOD NEWS FROM REPRESENTATIVE TINSLEY

Frankfort, Ky., Jan. 24, 1922.  
Hon. Fred Burman,  
Editor The Mountain Advocate,  
Barbourville, Ky.

Dear Sir:—  
A few days ago I had several let-  
ters from home asking me in regard  
to the construction of the road be-  
tween the Bell County line and the  
Laurel County line. I have just had  
a conference with Mr. J. S. Boggs,  
State Highway Engineer, and I am  
enclosing his reply to me in refer-  
ence to our conversation. I hope  
you will publish this reply that the  
people of the county may know the  
status of our road construction in  
Knox County.

I am very well and liking the  
work splendidly. I am on the com-  
mittee of Revenue and Taxation, the  
most important of all committees in  
the House. We have been working  
day and night on a revenue bill and  
I am hoping to be able to reduce the  
state rate of taxation from forty  
cents to thirty cents on farm lands.  
Very respectfully,  
JOHN M. TINSLEY.

Frankfort, Ky., Jan. 23, 1922.  
Hon. John M. Tinsley,  
House of Representatives,  
Frankfort, Ky.

Dear Mr. Tinsley:—  
With reference to conference that  
you had with me as regards the  
status of construction of State Project  
No. 5 across Knox County, you will  
be advised that the remaining  
section of this road between Barbour-  
ville and Corbin will be placed un-  
der construction this season by this  
Department and that if sufficient  
Government funds are available the  
grade now being completed between  
Barbourville and the Bell County  
line will be surfaced.

As you are aware, this entire pro-  
ject from Corbin to Cumberland  
Gap is in the program adopted by  
the Federal Government for road im-  
provement in Kentucky, and this of-  
fice cannot, therefore, secure the  
half payment of the cost only as  
Congress appropriates funds for that  
purpose. The completion of the sec-  
tion above mentioned and the surfac-  
ing of the present grade work will  
be handled under the new Federal  
Aid appropriation.

Very truly yours,  
JOE S. BOGGS,  
State Highway Engineer.

## NOTICE OF ELECTION

the Board of Council of the City of

1922, an election will be held in  
Barbourville Graded School district  
of Knox County, Kentucky, on the  
fourth day of February, 1922, for  
the purpose of taking the sense of  
the qualified voters of said district  
upon the proposition as to whether  
the Board of Education of said dis-  
trict shall incur an indebtedness of  
\$10,000 for the purpose of provid-  
ing a heating system for the school  
building, completing the building  
and liquidating the indebtedness  
against the building, and issuing  
bonds for said district in that  
amount, and of levying an annual  
tax at not exceeding 15c on the hun-  
dred dollars of property of said dis-  
trict for the purpose of paying the  
interest on said indebtedness  
and creating a sinking fund for pay-  
ment for the purpose of paying  
Said election will be held in the  
County Court room of the Court  
House in Barbourville, from six  
o'clock in the forenoon until four  
o'clock in the afternoon.

This January 23rd, 1922.

## Tell Your Friends About Dishman Springs

When the hot days come and the suffocating nights, everyone  
asks, "Where shall we go for a holiday? What change will do us the  
most good?" Modern science gives the answer: "To the mountains  
or the seashore."

In the everyday grind of business and social duties there can  
be nothing better than a complete change of scene, climate and envi-  
ronment. The mountains of Kentucky give these advantages and, for  
general beauty, combined with the modern conveniences offered at  
Dishman Springs, near Barbourville, Kentucky, can hardly be sur-  
passed. This section of Kentucky can rightfully claim a summer cli-  
mate that is unexcelled for outdoor life. Such is the quality of the  
sunshine that it does not bring fatigue as in less favored regions and  
the nights are so cool and exhilarating that calm, refreshing sleep  
comes to one as to a little child.

Nature has set Dishman Springs in a lovely valley, whose near  
by, tree clad hills, and gem-like lake, fill the tired mind with tran-  
quility and, aided by the wonderful mineral waters, the body takes  
on a new vigor and strength which make one forget that one was  
ever tired. It is a mistake to believe that the higher we go the purer  
the air and the more recreative the change; high altitudes strain the  
heart. There is a happy medium in all things. An altitude of 1,100  
feet, at which Dishman Springs is situated, is ideal.

### What Dishman Springs Offers.

Here are wonderful mineral waters, indicated in the treatment  
of liver, kidney, stomach and nervous troubles. Those who have felt  
the strain of poor health will be glad they came after drinking the  
waters compounded in the laboratory of Mother Nature. We make no  
extravagant claims but allow those who have been benefited in the  
past to speak of the healing properties contained in the mineral waters.

The new hotel has been built with but one object in view—  
the comfort and well-being of the guests. It is modern and electric  
lighted. The cottages are newly furnished, electric lighted and so si-  
tuated that privacy is assured.

The golf course, while only about 2,000 yards long, is a very  
sporty course that will appeal to those who love the game as well as  
to those who wish to start playing while at the Springs.

Tennis is popular with everyone and there are two excellent,  
clay tennis courts at the disposal of those who wish to be active.

The beautiful lake, a gem in the charming landscape, is well  
stocked with black and white bass. During the season good catches  
may be made and some real fishing experience enjoyed by the angler,  
as the bass is a game fighter.

Swimming parties are always the thing and are a great attrac-  
tion at the Springs thruout the whole summer.

When the shades of night have fallen and young feet would be  
a tripping, a spacious dancing floor will be found ready for their en-  
joyment.

Private telephone connections.

Mail daily, newspapers, etc.

Bus connections with Barbourville.

All privileges free to guests.

No one who loves nature at her best,—to whom a combination  
of water, tree clad hills and sunny skies have a charm, should fail  
to visit Dishman Springs.

Those who are seeking that most precious of all gifts, good  
health, will be well advised to spend a few weeks here and find dis-  
couragement and sickness disappear.

In view of the limited accommodation, one should make reser-  
vation before coming to the Springs.

The Hotel opens May 15th and closes September 31st.

Should you have friends whom you wish to interest in a trip  
it will give us pleasure to mail them literature.

Barbourville, Kentucky.

Pursuant to a judgement in the  
above case entered on November 22,  
1920, and pursuant to formal offer  
for sale of the property of the Cum-  
berland Railroad Company, which  
said offer for sale was had on Janu-  
ary 18, 1921, after due advertise-  
ment and notice, and pursuant fur-  
ther to a subsequent order of the  
United States District Court, made  
and entered on the 25th day of May,  
1921, and pursuant further to a sub-  
sequent order of the United States  
District Court, made and entered on  
the 9th day of January 1922, I will  
on the 17 day of February, 1922, at  
ten o'clock a.m., at the Court House  
door in the city of Barbourville,  
Knox County, Kentucky, offer for  
sale at public auction all of the said  
mortgaged premises and property,  
real, personal and mixed, rights and  
franchises of the Cumberland Rail-  
road Company, wherever situated,  
as an entirety and without appraise-  
ment or right of redemption, and  
that said sale herein ordered shall in  
all respects be made according to the  
terms, rights and liabilities of the  
complainant, of the defendant, of  
the intervening petitioners and of  
the bidder as set out in the judgment  
heretofore entered in this cause on  
the 22nd day of November, 1920,  
reference to which judgment is made  
as fully and completely as if copied  
herein in full, except that the spec-  
ial master shall accept no bid for  
the mortgaged property unless the  
same shall be at least equal to the  
sum of \$50,000, and except further  
that the receiver's certificates is-  
sued and outstanding now total the  
sum of \$5,930.13, and except fur-  
ther that the bidder shall have first  
deposited with him as a pledge that  
the bidder will make good his bid  
in case of its acceptance the sum of

check on any national bank or trust  
company, or \$50,000 par value of  
bonds secured by said mortgage of  
June 1, 1908, to the complainant,  
exclusive of interest. The deposit  
so received from the successful bid-  
der shall be applied on account of  
the purchase price in the event of  
acceptance. The balance of the pur-  
chase price may be paid either in  
cash or the purchaser may satisfy  
the same in whole or in part by  
paying over and surrendering any  
of the outstanding and unpaid re-  
ceiver's certificates, and by properly  
releasing and discharging any claims  
which have heretofore or may be  
hereafter adjudged by this court to  
be valid and prior in right to the  
lien of the said mortgage by pre-  
sents and surrendering said first  
mortgage bonds and the overdue and  
unpaid coupons pertaining thereto.  
For more particularity, both as to  
the property to be sold and the  
terms of sale, reference is made to  
the decree of foreclosure entered in  
the above styled cause.

## KENTUCKY CHILDREN'S HOME. MOVED TO NEW QUARTERS

Louisville, Ky.—The 160 children  
housed in the old row of residences  
in the city, which for 25 years had  
been the domicile of the Kentucky  
Children's Home Society, have moved  
to the country. They have left  
behind them the noise and bustle, to  
romp and play over the great farm  
at Lydon, Ky. They have moved in-  
to their cottage village.

From out of strange casements,  
that cold gray day of last week, 160  
little faces peered with the first  
streak of dawn, to look out upon  
entirely new fields.

In automobiles furnished by the  
Kiwanis Club, the children made the  
journey from the old quarters on  
Baxter Avenue, into the land of  
childhood's fancy and dreams. At  
one o'clock in the afternoon, the  
first automobile rolled up before the  
door of the old home, then came  
another and another, the long line  
stretching into the distance.

Wild cheers resounded from each  
upstairs window to greet the Kiwa-  
nians and then the clatter of run-  
ning feet was the forewarning of the  
crowd of surging humanity that  
swirled out of doors and about the  
machines.

The dream of a life had been re-  
alized.

Many of the children learned for  
the first time the unhampered de-  
light of great, open fields to romp  
across; these were the children com-  
mitted from Louisville and other  
Kentucky cities. Still others were
